

COMMANDING OFFICER, MARINE WING SUPPORT SQUADRON 171

STATEMENT ON GROUND SAFETY

The personal safety and health of each member of the Marine Wing Support Squadron 171 family is of vital importance. Safety is inherent in every activity we perform. To be "Ready For All Things" we must be the best at what we do. The safe way is the only way to perform.

We will be proactive in our safety program through our Company training programs. We will provide a safe and healthy working environment for them. We will include the use of operational risk management at all levels of command prior to every activity we engage in. An aggressive safety program includes recreational, off duty, and traffic safety. They are key to preserving our most precious war fighting asset -- our people.

Combat readiness is the hallmark of our Squadron -- safety is the cornerstone of readiness.

S. S. SEITZ
Lieutenant Colonel, USMC
Commanding Officer, MWSS 171
